

630HD

EXTERIOR HD CAMERA

The 630HD exterior camera features an ultra wide angle of 150-degrees, offering superior vehicle coverage to drivers. With HD picture quality at 720p resolution, the 630HD camera provides sharp images in both day and night time operations. Equipped with normal and mirror imaging, the 630HD is ideal for rear view, forward facing or other vehicle exterior camera placements.
