

70WP4 LED MONITOR

The 70WP4 LED color monitor is capable of connecting and viewing up to 4 cameras simultaneously. This waterproof 7-inch monitor delivers a sharp high-resolution display, capacitive touch keys, and parking distance grid lines to help guide backing maneuvers. In addition, the 70WP4's multiple split screen functions allow drivers to focus on one camera while keeping an eye on other views, creating the ideal solution for vehicles with additional articulating equipment.
