

70WQ4 LED MONITOR

The 70WQ4 is a rugged 7-inch LED color monitor that displays sharp high-resolution images for excellent picture quality. Capable of supporting up to 4 cameras simultaneously in multiple split screen modes, the 70WQ4 can quickly toggle these views with a convenient Camera Select button on the front panel. Parking distance grid lines help to guide drivers when maneuvering backwards, while an adjustable dimmer allows for night time viewing and operation.
