Key Benefits:

- Enhance Driver Visibility
- Maximize Operational Efficiency
- Prevent Vehicle Damage
- Minimize Risk
- Protect Assets
- Collision Avoidance
- Eliminate Blind Spots
- Reinforce Driver Accountability
- Improve Driver Performance
- Custom Tailored Solution
- Enhance Safety
- Reduce Liability

Rear Vision Solution by Safety Vision

Safety Vision’s advanced mobile solutions ensure maximum safety and security for Pickup and Delivery Vehicles. With our durable and long-lasting mobile HD cameras and recorders, drivers and their routes can be monitored throughout the entirety of the trip. Mobile surveillance allows you to protect your driver while staying updated on details of the delivery process. Utilize live look-in to instantly check in on the route, time, and drop-off location of a delivery. The cost of a camera system continues to pay for itself long after it’s installed by encouraging safe driving, improving efficiency, and providing evidence to ensure the delivery was made.
Safety Vision's rear vision camera systems give your drivers a powerful tool for avoiding collisions, protecting you and your investment in the long run.

70WQ4 Monitor
- 4 Cameras supported
- 7” LED color monitor
- Multiple screen display modes

711 Monitor
- 2 cameras supported
- 7” LED color monitor
- Switchable camera views

630A Camera
- Exterior rear vision camera
- Wide 150° viewing angle
- Heavy-duty all metal construction

625B Camera
- Exterior rear vision camera
- 110° viewing angle
- Heavy-duty all metal construction

EXTCAM Side Cameras
- Exterior side mounted cameras
- Wide 150° viewing angle
- Waterproof housing

690H Camera
- Exterior rear mounted camera
- Wide 150° viewing angle
- Built-in heater
Invest in an advanced surveillance system to gain complete security in and 360° around the vehicle.

- **4000 HVR**
  - 5 channels supported
  - 512GB max storage
  - Wireless & cellular capability

- **4112 HVR**
  - 12 channels supported
  - 2TB max storage
  - Wireless & cellular networking

- **CP4 Touch-Screen Monitor**
  - Live camera views
  - 7” LED color monitor
  - HVR configuration controls

- **41 AHD Cameras**
  - Interior HD camera
  - 720p HD resolution
  - Day / night operation

- **622 / EXTCAM**
  - Exterior side mounted cameras
  - Wide viewing angles
  - Waterproof housing

- **630A Camera**
  - Exterior rear vision camera
  - Wide 150° viewing angle
  - Heavy-duty all metal construction
620A Camera

FEATURES:

- **WIDE FIELD OF VIEW**
  - Boost driver visibility behind the vehicle
- **INSTALLATION VERSATILITY**
  - Driver side, passenger side and rear-view mounting available
- **SYNCHRONIZED AUDIO & VIDEO**
  - Clear audio recording with built-in microphone
- **DAY / NIGHT FUNCTIONALITY**
  - Automatic switch from color to night mode
- **HEAVY-DUTY HOUSING**
  - Built to survive rough exterior environments
- **THREADED COLLAR CONNECTORS**
  - Cables screw-lock to form a solid connection

RECOMMENDED FOR EXTERIOR CAMERA PLACEMENTS AND REAR-VIEW CAMERA PLACEMENT
622 Cameras

FEATURES:

- **WIDE FIELD OF VIEW**
  - Greater visibility of vehicle side-exteriors

- **FLEXIBLE INSTALLATIONS**
  - Pan/tilt adjustable for side mounting at any angle

- **SYNCHRONIZED AUDIO & VIDEO**
  - Clear audio recording with built-in microphone

- **DAY / NIGHT FUNCTIONALITY**
  - Automatic switch from color to night mode

- **WATERPROOF HOUSING**
  - Built to survive rough exterior environments

- **THREADED COLLAR CONNECTORS**
  - Cables screw-lock to form a solid connection
SV-EXTCAM

FEATURES:

RECOMMENDED FOR SIDE-EXTERIOR CAMERA PLACEMENTS.

• ULTRA WIDE FIELD OF VIEW
  - Superior coverage of vehicle side-exteriors

• HI-RES IMAGES
  - Produces high-quality views of exterior vehicle surroundings

• SYNCHRONIZED AUDIO & VIDEO
  - Clear audio recording with built-in microphone

• DAY / NIGHT FUNCTIONALITY
  - Automatic switch from color to night mode

• HEAVY DUTY HOUSING
  - Built to survive rough exterior environments

• THREADED COLLAR CONNECTORS
  - Cables screw-lock to form a solid connection
625B Camera

FEATURES:

- **Wide Angle**
  - Boost driver visibility behind the vehicle

- **Built-In Microphone**
  - Clear audio recording with built-in microphone

- **Day/Night Performance**
  - Automatic switch from color to night mode

- **Threaded & Collard Connectors**
  - Cables screw-lock to form a solid connection

**RECOMMENDED FOR EXTERIOR REAR-VIEW CAMERA PLACEMENT**

- **HEAVY-DUTY HOUSING**
  - Built to survive rough exterior environments

- **WIDE FIELD OF VIEW**
  - Boost driver visibility behind the vehicle

- **SYNCHRONIZED AUDIO & VIDEO**
  - Clear audio recording with built-in microphone

- **MIRROR IMAGING**
  - Ideal for back-up camera applications

- **DAY / NIGHT FUNCTIONALITY**
  - Automatic switch from color to night mode

- **THREADED COLLAR CONNECTORS**
  - Cables screw-lock to form a solid connection
630A Camera

FEATURES:

- ULTRA WIDE FIELD OF VIEW
  - Superior coverage behind the vehicle
- INSTALLATION VERSATILITY
  - Driver side, passenger side and rear-view mounting available
- SYNCHRONIZED AUDIO & VIDEO
  - Clear audio recording with built-in microphone
- DAY / NIGHT FUNCTIONALITY
  - Automatic switch from color to night mode
- HEAVY-DUTY HOUSING
  - Built to survive rough exterior environments
- THREADED COLLAR CONNECTORS
  - Cables screw-lock to form a solid connection

RECOMMENDED FOR EXTERIOR CAMERA PLACEMENTS AND REAR-VIEW CAMERA PLACEMENT.
FEATURES:

- **ULTRA WIDE FIELD OF VIEW**
  - Superior coverage behind the vehicle

- **HD PICTURE QUALITY**
  - Sharp resolution for clear video evidence

- **SYNCHRONIZED AUDIO & VIDEO**
  - Clear audio recording with built-in microphone

- **DAY / NIGHT FUNCTIONALITY**
  - Automatic switch from color to night mode

- **HEAVY-DUTY HOUSING**
  - Built to survive rough exterior environments

- **THREADED COLLAR CONNECTORS**
  - Cables screw-lock to form a solid connection

**RECOMMENDED FOR EXTERIOR CAMERA PLACEMENTS AND REAR-VIEW CAMERA PLACEMENT.**
650 FHD Camera

FEATURES:

RECOMMENDED FOR EXTERIOR REAR-VIEW CAMERA PLACEMENT.

- **WIDE FIELD OF VIEW**
  - Boost driver visibility behind the vehicle
- **HD PICTURE QUALITY**
  - Sharp resolution for clear video evidence
- **SYNCHRONIZED AUDIO & VIDEO**
  - Clear audio recording with built-in microphone
- **DAY / NIGHT FUNCTIONALITY**
  - Automatic switch from color to night mode
- **HEAVY-DUTY HOUSING**
  - Built to survive rough exterior environments
- **THREADED COLLAR CONNECTORS**
  - Cables screw-lock to form a solid connection
690H Camera

FEATURES:

- **ULTRA WIDE FIELD OF VIEW**
  - Superior coverage behind the vehicle

- **INTERNAL HEATING SYSTEM**
  - For extreme low temperature operation

- **SYNCHRONIZED AUDIO & VIDEO**
  - Clear audio recording with built-in microphone

- **DAY / NIGHT FUNCTIONALITY**
  - Automatic switch from color to night mode

- **HEAVY-DUTY HOUSING**
  - Built to survive rough exterior environments

- **THREADED COLLAR CONNECTORS**
  - Cables screw-lock to form a solid connection

RECOMMENDED FOR EXTERIOR REAR-VIEW CAMERA PLACEMENT
REFRESHED FOR INTERIOR CAMERA PLACEMENTS & WINDSHIELD CAMERA PLACEMENT.

- SYNCHRONIZED AUDIO & VIDEO
  - Clear audio recording with built-in microphone

- HD PICTURE QUALITY
  - Sharp resolution for clear video evidence

- COMPACT SIZE
  - Mini-dome design to maximize available space

- DAY / NIGHT FUNCTIONALITY
  - Automatic switch from color to night mode

- DESIGNED FOR THE ROAD
  - Vibration-proof and tamper-resistant housing

- THREADED COLLAR CONNECTORS
  - Cables screw-lock to form a solid connection
711 Backup Monitor

FEATURES:

• HI-RES DISPLAY
  - Provides sharp & clear views on-screen

• AUTOMATIC TRIGGERS
  - Up to 2 sensors trigger display of a camera’s view

• BUILT-IN SPEAKER
  - Hear all activity within the camera’s range

• MIRROR IMAGE
  - Ideal for rear view camera applications

• INTEGRATED CONTROL BOX
  - Cleaner and easier installation

• PARKING ASSISTANCE
  - Distance grid lines for maneuvering backwards

RECOMMENDED FOR SOLUTIONS UP TO 2 CAMERAS
**70WQ4 Monitor**

**FEATURES:**

- **HI-RES DISPLAY**
  - Provides sharp & clear views on-screen

- **MULTIPLE SCREEN FUNCTIONS**
  - Single, split, triple, quad and PiP display modes

- **AUTOMATIC TRIGGERS**
  - Up to 4 sensors trigger display of a camera’s view

- **MIRROR IMAGE**
  - Ideal for rear view camera applications

- **BUILT-IN SPEAKER**
  - Hear all activity within the camera’s range

- **PARKING ASSISTANCE**
  - Distance grid lines for maneuvering backwards

**RECOMMENDED FOR SOLUTIONS UP TO 4 CAMERAS**
**CP4 Monitor**

**FEATURES:**

- **TOUCH-SCREEN DISPLAY**
  - Quick & easy operation
- **SWITCHABLE VIEWS**
  - Cycle through each camera on the vehicle
- **BUILT-IN SPEAKER**
  - Hear all activity within the camera’s range
- **PLUG AND PLAY OPERATION**
  - Automatically powered by recorder
- **INTEGRATED PANIC BUTTON**
  - Flag critical video to ease search and relocation
- **IMMEDIATE PLAYBACK**
  - Review recorded files in the field
Observer™ 4000 HVR

FEATURES:

RECOMMENDED FOR SOLUTIONS UP TO 5 CAMERAS

- **HD VIDEO RECORDING**
  - Crystal clear accuracy for quality that matters
- **HYBRID TECHNOLOGY PERFORMANCE**
  - Cost-effective approach to high definition recording
- **RELIABLE & SECURE STORAGE**
  - Dual SD card slots for solid-state storage
- **PASSIVE GPS TRACKING**
  - Vehicle route history synchronized with video
- **WIFI & CELL CAPABILITY**
  - Convenient video offloading and live streaming
- **CUSTOM VIDEO MARKING SENSORS**
  - Triggered sensors records vehicle data synchronized with video
- **EXTREME DURABILITY**
  - Built tough for on-board vehicle recording
- **EMAIL HEALTH REPORTS**
  - Never worry about the reliability of your surveillance system
Observer™ 4112 HVR

FEATURES:

RECOMMENDED FOR SOLUTIONS UP TO 12 CAMERAS

- **HD VIDEO RECORDING**
  - Crystal clear accuracy for quality that matters
- **HYBRID TECHNOLOGY PERFORMANCE**
  - Cost-effective approach to high definition recording
- **MASSIVE STORAGE CAPACITY**
  - Plenty of storage space for HD recorded video
- **EXTREME DURABILITY**
  - Built tough for on-board vehicle recording
- **PASSIVE GPS TRACKING**
  - Vehicle route history synchronized with video
- **CUSTOM VIDEO MARKING SENSORS**
  - Triggered sensors records vehicle data synchronized with video
- **WIFI & CELL NETWORKING**
  - Convenient video offloading and live streaming
- **EMAIL HEALTH REPORTS**
  - Never worry about the reliability of your surveillance system
Monitor & Camera Kits

**711 Monitor Kit**
- 711 Monitor
- 630A Exterior Camera
- 65ft Cable

**70WQ4 Monitor Kit**
- 70WQ4 Monitor
- 630A Exterior Camera
- 65ft Cable

**TotalView Kit**
- 711 Monitor
- Four wide-angle cameras with cables

**ConnectCam**
- 7in Wireless Monitor
- Wireless camera with magnetic mount
Safety Vision’s cloud solution is designed to simplify all processes related to the deployment, use, and administration of the cloud solution. Our self-provisioning hardware and intuitive user interface are designed for ease of use without specialized training or dedicated staff. Safety Vision takes into account that your data is your livelihood and needs to be protected, our solution includes strong security and backups with no administrative burden on the customer. From data creating, to data transit, to data stored, we stand by the CIA triad -- Confidentiality, Integrity, and Availability. We offer both a Total SV Cloud Solution or a Hybrid Solution if you would like to utilize your own server.

HOW COULD THE SV CLOUD BENEFIT YOUR BUSINESS?

**REDUCE COSTS** - No more paying to upgrade servers or dealing with unnecessary patching

**SCALABILITY** - As your fleet grows or shrinks, we can appropriately scale your environment, relieving you of the responsibility to purchase costly upgrades and use your own local resources.

**BUSINESS CONTINUITY** - We protect your content and offer backups of your current data so that in the face of a natural disaster or power failure, your data is readily available to be accessed.

**COLLABORATIVE EFFICIENCY** - Our solution gives your business the ability to easily communicate and share outside of the traditional methods.

**DATA OWNERSHIP:** As a customer of Safety Vision you have access to your data during the specified times of your contract. As you are the originator of the data, you are also the owner of it, and the one in control of the content. Safety Vision does not access or use your video content for any purposes without your consent, nor will we replicate it. We maintain proper records of your deployment from start to finish, to assure that your data is restricted to your company only.
Safe Vision had their Data Vision
mobile video camera business was in its infancy. We've matured with the industry and today offer the most technologically advanced yet user friendly fleet vehicle camera systems available. For 25 years, we've been helping businesses like yours save money and lives. Business doesn't get more important than that.”
