Safety Vision is an advanced mobile surveillance provider dedicated to ensuring transportation safety and security. Our solutions have proven results in enhancing awareness, improving operational efficiency, and heightening safety. Through our wide field-of-view cameras, drivers can confidently manage their driving route, while capturing every aspect and angle around their truck. When these cameras are used in conjunction with our recorders and VMS software, fleet owners not only gain complete security, but they reap the benefits of safely protecting their investments: say goodbye to blind spots, avoid collisions, get automatic triggered reports, and have indisputable evidence to refute false claims.

**Advanced Features:**

- Enhance Driver Visibility
- Maximize Operational Efficiency
- Prevent Vehicle Damage
- Minimize Risk
- Protect Assets
- Collision Avoidance
- Eliminate Blind Spots
- Reinforce Driver Accountability
- Improve Driver Performance
- Custom Tailored Solution
- Enhance Safety
- Reduce Liability
Key Industry Markets

**MASS TRANSIT**
The solutions for mass transit offer increased safety and heightened awareness for passengers and drivers. Our cameras and recorders work together to capture every angle in and around the vehicle for the entire route. Our suite of products are future-proof, user- and budget-friendly, and offer a variety of accessories to meet your needs.

**FIRST RESPONDERS**
With as much as First Responders do, Safety Vision is driven to alleviate the pressure of managing multiple surveillance systems. Our solutions are guaranteed to offer unified security, empower responders to be proactive in the chain of events that follow an alert, and provide full documentation of the transition to and from the scene.

**STUDENT TRANSPORTATION**
Increased student safety is a crucial motivator in developing solutions for student transportation. Our systems are built to solve a number of hardships faced in the industry including, enforcing stop-arm violation laws, heightened on-board security, and safely maneuvering the vehicle.

**ON AND OFF HIGHWAY TRUCKS**
Protecting your investment is a primary focus of the solutions we offer for tractor trailers. Our products provide total coverage surveillance for your vehicle. In our cost-effective system you gain extensive security, collision avoidance, a complete view of your vehicle, and can reduce liabilities.

**LAW ENFORCEMENT**
The products created for law enforcement provide comprehensive solutions for the large amount of difficulties officers face; in a unified system. Not only do our products streamline video recording and downloading, but they minimize the stress of maintaining multiple surveillance systems by integrating in-car systems and body cameras together.

**TOWING & RECOVERY**
The innovative and heavy-duty solutions created for tow and recovery provide crystal clear views of the entire area surrounding the vehicle and allow you to reap the benefits of safely protecting your investment at a budget-friendly cost. With just one purchase you can enhance driver visibility, have indisputable evidence for court, and optimize operational efficiency.

About Us

Your Mobile Surveillance Solution Company
With more than 25 years of experience, Safety Vision, LLC is one of the most recognized partners for advanced mobile video surveillance products. We pride ourselves on comprehensive solutions, future-proofing our products, and serving the needs of our clients. In turn, we have proven results in simplifying surveillance systems and strengthening transportation safety.

Our solutions are geared towards maximizing operational efficiency, increasing driver awareness, unifying surveillance systems, protecting assets/cargo, and most importantly – enhancing safety for drivers and riders. These core values stem from our commitment to problem solve the challenges that come with transportation. We consistently communicate with our clients to learn what their hardships are and develop or enhance our products based on those insights. It is our goal to eliminate or decrease the number of issues our customers face.

Our Industries
Since 1993, we have sold over a billion dollars in mobile surveillance products to a wide variety of industries. These include mass transit, law enforcement, student transportation, commercial vehicles, and more in both public and private sectors. While the purpose for purchasing our products vary between each industry, the decision to choose Safety Vision as your vendor remains the same: we deliver on our promise to accommodate your transportation difficulties with user- and budget-friendly remedies.

Your Visionaries
